PLOT AND CHARACTER INTRO

REBEDOAN EMPIRE

A militant state with powerful, heavily-armed forces that continues to invade various regions. Has many Regular Frames in its ranks.

NICHIKO SUOU

The Emperor of Rebedoa. Has the ability to predict the future.

JATE

A high-level Reincarnated of the Rebedoan Empire. Has the ability to manipulate Automatons.

TOSU

A high-level Reincarnated of the Rebedoan Empire. Has the ability to manipulate metal.

TASHITSUMA

Member of the Imperial Science Division. Successfully created a Regular Frame clone of Jate named Ajate.

TRUE CORE CHURCH

Organization created by Kajiwan to gather those afflicted with Frame disease. Bestows certain sufferers with knowledge and power, turning them into "Regenerates." Views both the Empire and humans as enemies.

KAJIWAN

The last King of Irf Nikk. Using the powers of the mysterious Frame created from Titania's stolen arm, he became a Regular Frame himself. Has the ability to produce fireballs.

JINATA

Regenerated member of the True Core Church. Her only power is the ability to fight back against Regular Frames.

Previously

In order to fulfill their mission of taking down Nichiko Suou, Etherow and his party press further into the Empire. Kajiwan, having lost most of his followers, has ended up in the Northern Composite Slab Region to collect holy relics and grow more "hosts." Meanwhile, the city of Rutohmero, near the Empire's border, has seen a mass outbreak of Frame disease sufferers...

ETHEROW AND HIS PARTY

ETHEROW

Became a Regular Frame with Titania's help. Master marksman. Badly injured when Ume fell, but then recovered.

TITANIA

An Automaton with two forms. She is able to read the thoughts of humans and Frames via touch.

MUGUHOSHI

A collapsible Automaton. Very powerful with no apparent weak points, but can only activate its powers for a short period of time.

WASABU

A Regular Frame who joined Etherow's party after the Empire's brainwashing wore off. Has the ability to fly.

KEISHA

A Regular Frame who can manipulate electricity and uses an expandable staff. Sister of Kajiwan, leader of the True Core Church.

CHAPTER 43

**KEISHA OF IRF NIKK
(HUMAN FORM)**

**ETHEROW OF THE WHITE
DIAMOND BEAM (HUMAN FORM)**

**FORMER IMPERIAL
SOLDIER WASABU
(HUMAN FORM)**

By using "Codes," humans are transformed into Regular Frames. A Regular Frame has powerful physical abilities, has no need for breathing or nutrition (exceptions exist), and does not age. A Regular Frame will not die unless their brain is destroyed.

KEISHA'S FRAME FORM

Uses an electric shock element. An extendible staff (which can also be split apart) is her main weapon.

ETHEROW'S FRAME FORM

Has the projectile firing "EBTG" ability, with which he can fire diverse bullets. Can also handle AMBs.

WASABU'S FRAME FORM

Doesn't have any unique abilities, but can fly.
